

Business Plan

A Business Plan will be presented to the National Council at the first National Council Meeting of each calendar year. This will be a standing item on the agenda under National Accreditation – Risk Management.

The Business Plan will consist of a forecast of the Organisations intentions with regard to the delivery of accredited courses for the coming year. Where it is envisaged that the Organisation will commence or cease delivery of any accredited courses in the coming year it should be noted at this time.

Areas of Risk are outlined and discussed along with strategies to minimise/remove.

Sponsorship and KPI's also covered.
